

We Move 150 Million Tons a Year. But online, we're **invisible**.

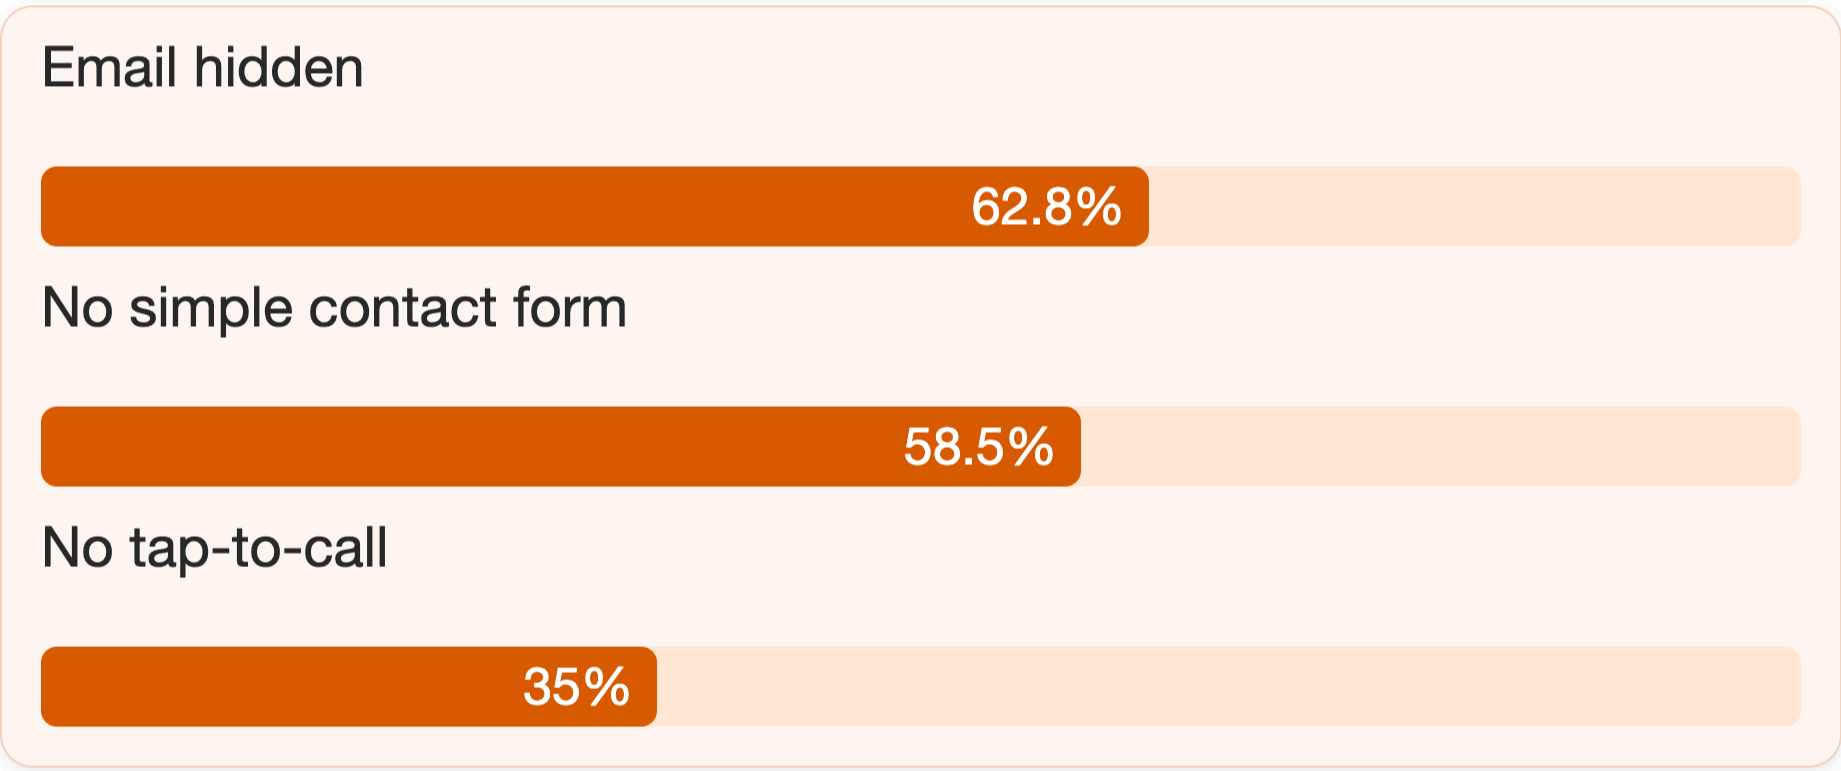

1,585 websites scanned (ReMA directory).
Most hide contact info and bury the message.
Some have no message at all.

Published Sep 2, 2025

If I can't reach you, I won't.

Strangers won't call if reaching you takes work.

Google can't tell you're local.

You won't show up in "near me" searches.

91%

Missing local business info.

Add name, address, phone (standard format).

Known at the yard. Generic online.

If I can't recognize you, I won't remember you.

37.7%

Missing a clear logo
on the page.

26.3%

Missing the small
browser tab icon.

Pick one next step.

Too many choices mean no choice.

46%

Have 8+ links above the fold.

Pick one next step: Call, Get a Quote, or Schedule Pickup.

Most don't tell the world who they are.

Identity is missing or unclear.

75%

Lack clear company identity.
Tell the world who you are and what you do.
